

Bridgeport Transportation Alternatives Open House

The April 1st Open House has been Postponed

Event Postponement: Given the health mandates put in place by Governor Wolf related to COVID-19, the Bridgeport Crossroads Steering Committee has decided to postpone the April 1st Open House that was scheduled to occur at the Harrisburg Area Community College - Lancaster Campus.

We are working to identify alternative ways to get community input that may include rescheduling the open house and/or other forms of online community engagement.
